

Panoz Auto Development Company

QATAR—KUWAIT—SAUDI ARABIA—BAHRAIN—OMAN—UAE

Panoz Auto Development Company of Hoschton Georgia is proud and honored to announce the appointment of **International Independent** of Doha Qatar as the exclusive distributor of the Panoz Esperante line of road cars within the GCC Member Region.

The leading American manufacturer of low volume hand made cars has entered into a long term agreement with International Independent in Doha to distribute the highly acclaimed Panoz Esperante within the GCC member region. This will include Kuwait, Saudi Arabia, Bahrain, Oman, UAE and Qatar.

The first Panoz Esperante GTLM coupe bound for Qatar was shipped by the factory in the first week of October 2007. This car featured a 500 plus HP supercharged V8 with a custom made automatic transmission, special upgrades to the air conditioning system and air filtration system.

This is one of only two Esperante GTLM's to be built with this special transmission; the GTLM is only offered in the USA with a 6 speed manual gearbox. It is the intention of International Independent and Panoz Auto to work together to further customize each and every subsequent car to be built for this market and to meet the special needs of this unique region and International Independents' customers ideas for their perfect car.

Panoz Auto Development Company is the only American car manufacturer to offer this total customization of a stand alone design; the Esperante has been available in the US market since 2001. Panoz is one of the few if not the only independent car manufacturer in the USA to design and build fully 50 state certified vehicles to its own hi tech designs and through its unique modular construction, offer unparalleled levels of customization to its dealers, distributors and retail customers.

All Panoz Esperante's are built using an extruded aluminum chassis and superformed aluminum body. As automotive pioneers in this method of aluminum modular construction, Panoz is well known for bringing this technology to the forefront of the automobile industry back in the early 1990's.

Dan Panoz, President and founder of Panoz Auto Development Company said "I am very excited to be working with the International Independent Group; they bring some very exciting opportunities to our company and offer a wonderful gateway to a whole new set of markets for the Panoz Esperante. It is obvious that International Independent is a very professional and dedicated business group that offers a level of expertise that is essential to the success of our joint venture. We look forward to a long and fruitful business relationship."

International Independent welcomes Dealership Inquiries for Panoz cars from Kuwait, Saudi Arabia, Bahrain, Oman and UAE. Interested reputed firms may contact International Independent at the address below.
